

# Tracheostomy Emergency Respiratory and Resuscitation Issues (TERRI)

***Do you need more hands on experience when caring for adult patients with tracheostomies in situ?***

The Montagu Clinical Simulation Centre has developed a new and exciting course for Health Care Professionals. The one-day TERRI course runs with expert ENT faculty and is free of charge to all NHS employees within the Yorkshire and Humber region.

The course consists of workstations and simulated scenarios that will help to increase confidence and competence when troubleshooting problems that may occur with patients on the ward and in the community.

*Supports KSF outlines: Core Dimensions 1-6, HWB 1-2 + 4-8.*
